Fabrication of steel constructions

- We can Produce and assemble test assembly
- Each specific project is developed according to the dimensions of the hall, the purpose of the building, the investor's wishes and other circumstances.
- Including fabrication and montage we can also provide cladding of halls and buildings (facade system BRUCHA), We provide a complete delivery with subsequent assembly according to the customer's wishes.
- We prioritize quality and price during fabrication, and we always meet the given deadlines.

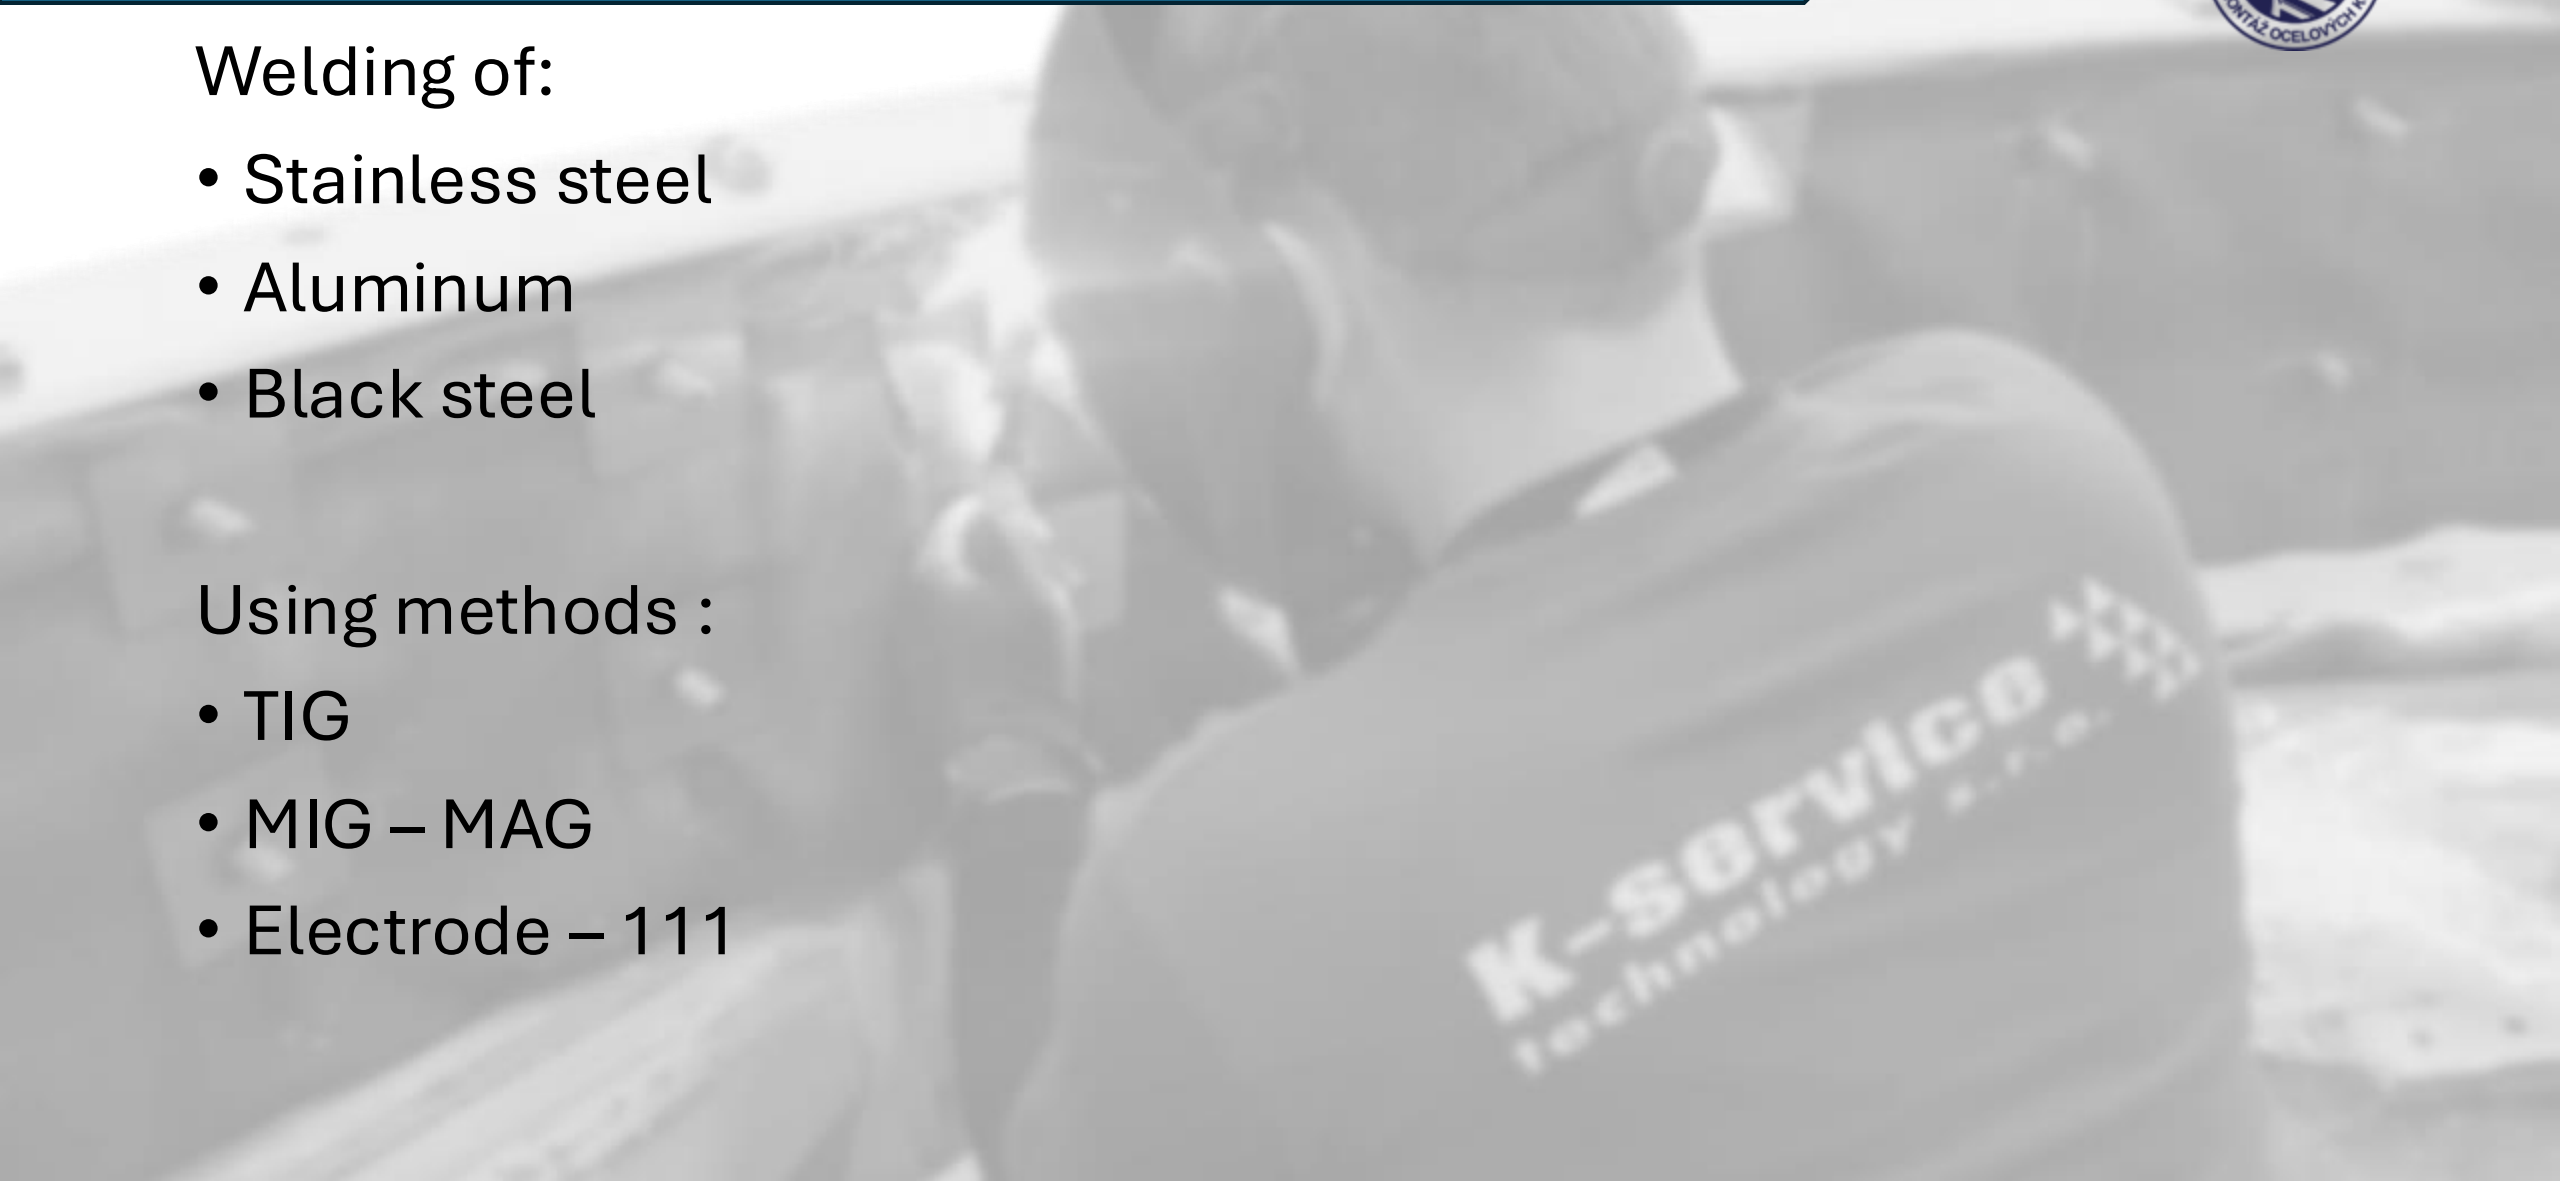

Welding

Welding of:

- Stainless steel
- Aluminum
- Black steel

Using methods :

- TIG
- MIG – MAG
- Electrode – 111

Prefabrication

- Prefabrication of steel structures
- Prefabrication and assembly of machine and equipment components
- Installation of technological equipment
- Complete assembly, including electrical, pneumatic, and hydraulic systems
- Prefabrication and assembly of roller conveyors
- Prefabrication of piping assemblies
- Locksmith and preparatory work
